APPROVAL OF STATE ENGINEER
This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the ollowing limitations and conditions:
se equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the Proof of Completic Work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. The State retains the right to regulate the use of the water merein granted at any and all times. This Permit does not extend the permittee the right of ingress and egress on mublic, private or corporate lands. The issuance of this permit does not waive the requirements that the permit molder obtain other permits from State, Federal and local agencies. The total combined duty of water under Permits 44248 and 49805 shall not exceed to million gallons annually.
The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and no
o exceed 1.0 cubic feet per second but not to exceed 6.57
million gallons annually.
Vork must be prosecuted with reasonable diligence and be completed on or before May 1, 1987
Proof of completion of work shall be filed before. June 1, 1987
Application of water to beneficial use shall be made on or before
Proof of the application of water to beneficial use shall be filed on or before
Map in support of proof of beneficial use shall be filed on or before
Completion of work filed NOV 1 0 1986 IN TESTIMONY WHEREOF, I PETER G. MORROS
roof of beneficial use filed
my office, this 15th day of September
